NOTES:

1. The Ministry of Corporate Affairs (“MCA”) has, vide its Circular no. 2/2022, dated May 05, 2022 and Circular no.21/2021, dated December 14, 2021 read together with circular dated December 8, 2021, January 13, 2021, April 8, 2020, April 13, 2020 and May 5, 2020 (collectively referred to as “MCA Circulars”), permitted convening the Annual General Meeting (“AGM”) through Video Conferencing (“VC”) / Other Audio-Visual Means (“OAVM”), without the physical presence of the Members at a common venue. In accordance with the MCA circulars, provisions of the Companies Act, 2013 (“the Act”) and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“SEBI Listing Regulations”), the AGM of the Company is being held through VC/ OAVM. The deemed venue for the AGM shall be the Registered Office of the Company.
2. The deemed venue for 35th AGM shall be the Registered Office of the Company situated at C-273, Sector-63, Gautam Buddha Nagar, Noida, UP-201301.
3. The Company has appointed **M/s. Beetal Financial & Computer Services Limited** as “Facilitator of VC/ OAVM” to facilitate the conduct of AGM through VC/OAVM.
4. Pursuant to the provisions of the Act, a member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a member of the Company. Since this AGM is being held pursuant to the MCA Circulars through VC/OAVM facility, the facility of physical attendance of members has been dispensed with. Accordingly, the facility for appointment of proxies by the members will

not be available for the e-AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.

5. Institutional/Corporate shareholders (i.e. other than individuals/HUF, NRI, etc.) are required to send a scanned copy (pdf/jpg format) of its board or governing body's resolution/authorization, etc., authorizing their representative to attend the AGM on its behalf and to vote through remote e-voting. The said resolution/authorization shall be sent to the scrutinizer by email through its registered email address to jainpandassociates@gmail.com with a copy marked to Company larktradingfinance@gmail.com & helpdesk.evoting@nsdlindia.com
6. Brief details of the director, who are eligible to be re-appointed in 35th AGM, are annexed hereto as per requirements of regulation 36(3) of the SEBI Listing Regulations and as per provisions of the Act.
7. The facility of joining the AGM through VC/OAVM will be opened 15 minutes before and will be open upto 15 minutes after the scheduled start time of the e-AGM, i.e., from 11:45 A.M. to 12:15 P.M and will be available for 1,000 members on a first come first-served basis. This rule would however not apply to participation of shareholders holding 2% or more shareholding, promoters, institutional investors, directors, key and senior managerial personnel, auditors, etc.
8. Institutional investors, who are members of the Company, are encouraged to attend and vote at the 35th AGM of the Company.
9. SEBI has mandated the submission of Permanent Account Number (PAN) by every person dealing in securities market. Members holding shares in electronic form are, therefore, requested to submit the PAN to their depository participants with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN details to the Company or its RTA.
10. In terms of sections 101 and 136 of the Act, read with the rules made thereunder, the listed companies may send the notice of AGM and the annual report, including financial statements, boards' report, etc. by electronic mode. Pursuant to the said provisions of the Act read with MCA Circulars, SEBI Circular dated 15 January 2021, Notice of 35th AGM along with the Annual Report for FY 2022 is being sent only through electronic mode to those members whose email addresses are registered with the Company/Depositories. Members may note that the Notice and Annual Report for FY 2022 will also be available on the Company's website at www.larktrading.in website of the stock exchanges i.e., MSEI Limited at www.msei.in, CSE and on the website of facilitator of VC/OAVM at <http://www.beetalfinancial.com>. The Notice shall also be available on the e-Voting website of the agency engaged for providing e-Voting facility i.e. National Securities Depository Limited (NSDL), viz., www.evotingindia.com
11. To receive communications through electronic means, including Annual Reports and Notices, members are requested to kindly register/update their email address with their respective depository participant, where shares are held in electronic form. In case of shares held in physical form, members are advised to register their E-mail address & Mobile No. by writing to our RTA Satellite Corporate Services Pvt. Further, the Company had availed of services offered by NSDL to update email addresses of shareholders of the Company having their holding with a depository participant registered with NSDL and have not registered their email addresses. Members are requested to register their email id and support the green initiative efforts of the Company.
12. With a view to enable the Company to serve the members better, members who hold shares in identical names and in the same order of names in more than one folio's are requested to write to the Company to consolidate their holdings in one folio.
13. SEBI vide its notification (SEBI/LADNRO/GN/2018/24) dated 8 June 2018 as amended on 30 November 2018 and notifications & Circulars issued thereafter, has stipulated that w.e.f. 01 April 2019, the transfer of securities (except transmission or transposition of shares) shall not be processed, unless the securities are held in the dematerialized form. The Company has complied with the necessary requirements as applicable,

including sending of letters to shareholders holding shares in physical form and requesting them to dematerialize their physical holdings.

14. Members who still hold share certificates in physical form are advised to dematerialize their shareholding to also avail of numerous benefits of dematerialization, which include easy liquidity, ease of trading and transfer, savings in stamp duty and elimination of any possibility of loss of documents and bad deliveries.
15. In case of joint holders, the member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM.
16. The Company has been maintaining, inter alia, the following statutory registers at its registered office at C-273, Sector-63, Gautam Buddha Nagar, Noida, UP-201301.
 - a) Register of contracts or arrangements in which directors are interested under section 189 of the Act.
 - b) Register of directors and key managerial personnel and their shareholding under section 170 of the Act.
17. In accordance with the MCA Circulars, the said registers will be made accessible for inspection through electronic/Physical mode and shall remain open and be accessible to any member during the continuance of the meeting.
18. The Register of Members and Share Transfer Books will remain closed from **(Saturday, September 10, 2022) to (Friday, September 16, 2022) (both days inclusive)**.
19. Pursuant to section 72 of the Act, members holding shares in physical form are advised to file nomination in the prescribed Form SH-13 (a copy of which is available on the Company's website at http://larktrading.in/documents/2021/SH-13&14_Nomination.pdf). MANAGEMENT DISCUSSION AND ANALYSIS REPORT

We submit herewith the “Management Discussion and Analysis Report” on the business of the Company as applicable to the extent relevant.

GLOBAL ECONOMY OVERVIEW:

Economy in many countries rebounded in 2021 after a sharp decline in 2020. Advanced economies and many middle-income countries reached substantial vaccination rates. International trade picked up, and high commodity prices are benefiting many developing countries. Global growth is expected to moderate from 6.1 in 2021 to 3.6% in 2022 and 2023.

Although, rising energy prices and supply interruptions have resulted in higher and more widespread inflation than expected. Elevated inflation is projected to last longer than prediction, although assuming inflation expectations remain well-anchored, inflation should steadily decline in 2022 as supply-demand imbalances fade and major economies respond with monetary policy.

The emergence of new COVID-19 variants could prolong the pandemic and induce renewed economic disruptions. Moreover, supply chain disruptions, energy price volatility, and localized wage pressures mean uncertainty around inflation. As advanced economies lift policy rates, risks to financial stability in emerging market capital flows, currencies and fiscal positions may arise.

INDIAN ECONOMY OVERVIEW:

India has emerged as the world’s fastest-growing major economy, and it is predicted to be one of the top economic powers in the next decade, owing to its robust democracy and strong partnerships. According to Advance estimates, the Indian economy would expand by 9.2 percent in 2021-22 after declining in 2020-21. This indicates that overall economic activity has surpassed pre-pandemic levels.

With economic momentum resuming, and the long-term advantages of supply-side reforms in the works, the Indian economy is poised to grow at considerable pace. According to IMF’s World Economic Outlook (October 2021 edition), India’s nominal GDP, measured in nominal USD market exchange rate is estimated at USD 3,515 Bn in 2023 (FY 2023-24), accounting for 3.3% of global GDP and making it the sixth largest economy in the world. When measured in purchasing power parity (PPP) terms, India is estimated to be the third largest economy at PPP USD 12,387 Bn in 2023.

FY 2022-23 is expected to be the first normal year after the onslaught of COVID-19 which virtually eliminated meaningful increase in economic output during the two-year period up to FY21. India’s per capita nominal GDP is estimated to grow by 16% in FY 2021-22 to INR 16,95,743 (USD 2,282.34) after suffering a contraction of 2.4% in FY21.

INDUSTRY STRUCTURE AND DEVELOPMENT

India’s textile sector is one of the oldest industries in Indian economy dating back several centuries. Even today, textiles sector is one of the largest contributors to India’s exports. The textile industry is also labor intensive and is one of the largest employer. The textile industry has two broad segments. First, the unorganized sector consists of handloom, handicrafts and sericulture, which are operated on a small scale and through traditional tools and methods. The second is the organized sector consisting of spinning, apparel and garments segment which apply modern machinery and techniques such as economies of scale. India accounts for good percentage of the world’s production of textile fiber & yarns. Fabric production in the country rose to millions. The industry is the second largest employer after agriculture, providing employment to over millions of people directly and indirectly. The Indian Textile Industry contributes a good percentage to India’s Gross Domestic Product (GDP), and overall Index of Industrial Production (IIP).

The Indian Textiles Industry has an overwhelming presence in the economic life of the country. Apart from providing one of the basic necessities of life, the textiles industry also plays a vital role through its contribution to industrial output, employment generation, and the export earnings of the Country. GDP growth for FY 2021-22 was 7.4%.

Industry Overview

OPPORTUNITIES, CHALLENGES AND OUTLOOK

Opportunities

The most significant change in the Indian textile industry has been the advent of man-made fibers (MMF). India has successfully placed its innovative range of MMF textiles in almost all the countries across the globe. The future outlook for the Indian textile industry looks promising, buoyed by both strong domestic consumption as well as export demand. With consumerism and disposable income on the rise, the retail sector has experienced a rapid growth in the past decade.

Opportunities available to the Company in the present scenario, which can be seized for the benefit of the Company and ultimately to the stakeholders, can be summarized as under:

1. The government had extended the duty drawback facility on all textile products & increased the rates in some cases to boost exports in the sector.
2. In the Union budget, a good amount has been allocated to the Ministry of Textiles in order to support various schemes covering the textile industry.
3. Capacity built over years has led to low cost of production per unit in India's textile industry; this has lent a strong competitive advantage to the country's textile exporters relative to key global peers.
4. India's growing population has been a key driver of textile consumption growth in the country.
5. The Indian textile industry is set for strong growth, buoyed by both strong domestic consumption as well as export demand
6. Urbanization is expected to support higher growth due to change in fashion & trends.

Threats

Based on review of the textile market situation and level of rivalry present in the domestic market, following threats might be present in the market, which can hinder growth of the revenue of the Company:

1. Intense competition between established brands and private label brands.
2. Low cost substitute products from other countries
3. Significant presence of small suppliers has reduced the bargaining power.
4. Major clothing brands have better bargaining power over textile manufacturers, as the product differentiation is low and numbers of players are high and fragmented.

DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The financial statements have been prepared in accordance with the requirements of the Companies Act, 2013 and applicable accounting standards issued by the Institute of Chartered Accountants of India. The details of the financial performance of the Company are appearing in the Balance Sheet, Profit & Loss Accounts and other financial statements forming part of this annual report.

Given the magnitude and nature of its business, the Company has maintained sound and commercial practice with an effective internal control system. The system ensures that all transactions are authorized, recorded and reported correctly to safeguard the assets of the Company and protect them from any loss due to unauthorized use or disposition. The adequate internal information system is in place to ensure proper information flow for the decision-making process. The Company also has well-established processes and clearly defined roles and responsibilities for people at various levels. The control mechanism also involves well documented policies, authorization guidelines

commensurate with the level of responsibility and standard operating procedures specific to the respective businesses, adherence to which is strictly ensured. Internal audit is carried out frequently to create awareness and to take corrective actions on the respective units or areas, which need rectification. These reports are then reviewed by the “Management Team” and the “Audit Committee” for follow-up action.

HUMAN RESOURCE DEVELOPMENT

The Company regards its human resources as amongst its most valuable assets and proactively reviews policies and processes by creating a work environment that encourages initiative, provides challenges and opportunities and recognizes the performance and potential of its employees attracting and retaining the best manpower available by providing high degree of motivation.

Your Company believes in trust, transparency & teamwork to improve employees productivity at all levels.

CAUTIONARY STATEMENT

The Management Discussion and Analysis Report containing your Company’s objectives, projections, estimates and expectation may constitute certain statements, which are forward looking within the meaning of applicable laws and regulations. The statements in this management discussion and analysis report could differ materially from those expressed or implied. Important factors that could make a difference to the Company’s operation include raw material availability and prices, cyclical demand and pricing in the Company’s principal markets, changes in the governmental regulations, tax regimes, forex markets, economic developments within India and the countries with which the Company conducts business and other incidental factors.

INDEPENDENT AUDITORS' REPORT

**The Members of,
Lark Trading and finance Limited**

Report on the audit of the financial statements

Opinion

We have audited the accompanying financial statements of **Lark Trading and finance Limited** ("the Company"), which comprise the balance sheet as at March 31, 2022, and the Statement of Profit and Loss and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its profit and cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. No key audit matter exist which needs to be specified here.

The Note No. 30 to the accompanying financial statements with regard to management's evaluation of uncertainty due to outbreak of COVID-19 and its impact on future operation of the Company. Our opinion is not modified in respect of this matter and we concur with the view of the management on the impact of covid-19 on the company.

Information other than the financial statements and auditors' report thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Business Responsibility Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact.

We cannot report on the same as the same was not provided to us.

Management's responsibility for the financial statements

The Company's board of directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

As required by the Companies (Auditor's Report) Order, 2020 (the Order) issued by the Central Government in terms of Section 143 (11) of the Act, we enclosed in the annexure a statement on matters specified in paragraph 3 & 4 of the said order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- (c) The balance sheet, the statement of profit and loss, and the cash flow statement dealt with by this report are in agreement with the books of account;

Annexure to the Independent Auditor's Report

(Referred to in paragraph 2 (f) under 'Report on other legal and regulatory requirements' section of our report to the Members of **Lark Trading and finance Limited** of even date)

Report on the internal financial controls over financial reporting under clause (i) of sub - section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Lark Trading and finance Limited** ("the Company") as at March 31, 2022, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's responsibility for internal financial controls

The board of directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the standards on auditing prescribed under Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement in the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial control system over financial reporting.

Meaning of internal financial controls over financial reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of internal financial controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management of override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and according to the information and explanations given to us, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Ind AS Financial Statements for the year ended 31st March, 2022

Background

Lark Trading and Finance Limited ('the Company' or 'LTFL') was incorporated on 22nd December 1987 and is domiciled in India. The Company is registered with the Reserve Bank of India (RBI) as a Non-Banking Financial Company vide Certificate No B-12.00382. The Company is primarily engaged in Lending business.

1. Basis for preparation

a) Statement of compliance

"The financial statements have been prepared in accordance with Indian Accounting Standards ('Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules, 2015, the directions issued by Reserve Bank of India (RBI) as applicable to Non Banking Finance Company (NBFC), as amended from time to time. The financial statements have been prepared under the historical cost convention, as modified by the application of fair value measurements required or allowed by relevant Indian accounting standards. Accounting policies have been consistently applied to all periods presented, unless otherwise stated.

The Company has adopted all the Ind AS and the adoption was carried out in accordance with Ind AS 101 – "First time adoption of Indian Accounting Standards". The transition was carried out from Accounting Principles generally accepted in India (IGAAP) as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014, which was the previous GAAP. Reconciliation and descriptions of the effect of the transition has been summarised in Note 2.

Accounting Policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

b) Historical cost convention

The financial statements have been prepared under the historical cost convention on accrual basis, unless otherwise stated.

c) Functional currency:

The financial statements are presented in INR, which is also the functional currency of the Company as Functional currency is the currency of the primary economic environment in which the entity operates.

d) Current/Non-current classification of assets/liabilities

All assets and liabilities have been classified as current or non-current as per the criteria set out in the Schedule III to The Companies Act, 2013. The Company has ascertained its operating cycle as 12 months for the purpose of current/non-current classification of assets and liabilities. However, operating cycle for the business activities of the Company covers the duration of the specific contract/agreement/service and extends up to the realisation of receivables within the agreed credit period normally applicable to the respective lines of business.

1.1 Use of Estimates and Judgements

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these financial statements. Actual results may differ from those estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected. Their effects, if material, are disclosed in the notes to the financial statements.

Critical estimates and judgments

The areas involving critical estimates or judgments are:

- Estimated useful life of property, plant and equipment and intangible asset

The estimated useful life of property, plant and equipment is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known

technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

The Company reviews, at the end of each reporting date, the useful life of property, plant and equipment and intangible asset and changes, if any, are adjusted prospectively, if appropriate

- **Fair value measurement**

Management uses valuation techniques in measuring the fair value of financial instruments where active market quotes are not available. Details of the assumptions used are given in the notes regarding financial assets and liabilities. In applying the valuation techniques, management makes maximum use of market inputs and uses estimates and assumptions that are, as far as possible, consistent with observable data that market participants would use in pricing the instrument. Where applicable data is not observable, management uses its best estimate about the assumptions that market participants would make. These estimates may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

1.2 Summary of significant accounting policies

a) Property, Plant and Equipment

Property, Plant and Equipment (PPE) are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of assets which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the year till such assets are ready to be put to use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Transition to Ind AS

On transition to Ind AS, the company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April 2018 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

b) Intangible assets

An intangible asset is recognized, where it is probable that the future economic benefits attributable to the asset will flow to the enterprise and where its cost can be reliably measured.

Cost of an internally generated asset comprises of all expenditure that can be directly attributed, or allocated on a reasonable and consistent basis, to create, produce and make the asset ready for its intended use.

Losses arising from the retirement of, and gain or losses arising from disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of asset and recognised as income or expense in the Statement of Profit and Loss.

Intangible assets are stated at cost of acquisition less accumulated amortization and impairment loss.

c) Capital work-in-progress/ intangibles under development

Capital work-in-progress (including intangible assets under development) represents expenditure incurred in respect of capital projects/intangible assets under development and are carried at cost. Cost includes related acquisition expenses, development costs, borrowing costs (wherever applicable) and other direct expenditure.

d) Depreciation and amortization methods, estimated useful lives and residual value

Property, Plant and Equipment are stated at cost of acquisition less accumulated depreciation.

Depreciation on Property, Plant and Equipment is provided to the extent of depreciable amount on the Written Down Value (WDV) Method. Depreciation is provided on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.

Depreciation on addition to fixed assets is provided on pro-rata basis from the date the assets are ready to use. Depreciation on sale / deduction from fixed assets is provided for upto the date of sale, deduction, discardment as the case may be.

Amortization on the intangible assets is provided on pro-rata basis on the straight-line method based on management's estimate of useful life. Licensed intangible assets are amortised over the period of license or expected useful life, whichever is shorter.

Depreciation and amortization methods, useful lives and residual values are reviewed at the end of each reporting period and adjusted if appropriate.

e) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefit will flow to the company and revenue can be reliably measured.

The Company derives its revenue from providing loans/credit facilities to various customers.

Revenue from Interest income is accounted for on accrual basis except that no interest income is recognised on Non-Performing/Doubtful Assets, considering prudential norms for income recognition prescribed by the Reserve Bank of India for Non Banking Financial Companies. Interest income on such assets is recognized when the amount is received and appropriated towards interest..

Revenue from interest income on fixed deposits with banks is recognized on time proportion basis taking into account the amount outstanding and the rate applicable.

f) Investment and other financial assets

1. Classification

The Company classifies its financial assets in the following measurement categories:

- i. those to be measured at fair value (either through other comprehensive income, or through profit or loss),
- ii. those measured at amortized cost; and

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

2. Initial Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the statement of profit and loss.

3. Subsequent Measurement:

3.1 Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

Amortised cost:

Assets that are held for collection of contractual cash flows with specified dates and where those cash flows represent solely payments of principal and interest are measured at amortised cost using the effective interest rate method. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in the statement of profit and loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

Fair value through other comprehensive income (FVOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the

recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in the statement of profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to the statement of profit and loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss (FVTPL):

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through statement of profit and loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in the statement of profit and loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

3.2 Equity instruments

All equity investments in scope of Ind AS 109 are measured at fair value. For equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognised in the OCI. There is no recycling of the amounts from OCI to the Statement of Profit and Loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Equity instruments included within the FVPL category are measured at fair value with all changes recognised in the Statement of Profit and Loss.

Investments in subsidiaries/ joint ventures/associates

Investments are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

4. Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

5. Derecognition of financial asset

A financial asset is derecognised only when the Company has transferred the rights to receive cash flows from the financial asset or retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

g) Financial Liabilities

Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption

amount is recognised in the statement of profit and loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan.

The fair value of the liability portion of optionally convertible bonds is determined using a market interest rate for equivalent non-convertible bonds. This amount is recorded as a liability on an amortised cost basis until extinguished on conversion or redemption of the bonds. The remainder of the proceeds is attributable to the equity portion of the compound instrument. This is recognised and included in shareholders' equity, net of income tax effects, and not subsequently remeasured.

Borrowings, where there is an change in the terms of the agreements whether monetary, non-monetary or both shall be accounted for as an modification or an extinguishment of the original financial liability and the recognition of a new liability. The difference between the carrying amount of a financial liability (or part of a financial liability) extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, shall be recognised in the statement of profit and loss.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within the operating cycle of the business. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method, if any.

Financial Guarantee Contracts

Financial guarantee contracts issued by the group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of impairment loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognised less cumulative amortisation.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

h) Income taxes

Income tax expense for the year comprises of current tax and deferred tax. Income tax is recognized in the Statement of Profit and Loss except to the extent that it relates to items recognized in 'Other comprehensive income' or directly in equity and Regulatory Assets, in which case the tax is recognized in 'Other comprehensive income' or directly in equity, respectively.

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities arising on the temporary differences and to unused tax losses.

Current tax

Calculation of current tax is based on tax rates applicable for the respective years on the basis of tax law enacted or substantially enacted at the end of the reporting period. Current income tax assets and/or liabilities comprise those obligations to, or claims from, fiscal authorities relating to the current or prior reporting periods, that are unpaid/un-recovered at the reporting date. Current tax is payable on taxable profit, which differs from the profit or

loss in the financial statements. Current tax is charged to statement of profit and loss. Provision for current tax is made after taking into consideration benefits admissible under Income Tax Act, 1961.

Deferred taxes

Deferred income taxes are calculated, without discounting using the balance sheet method on temporary differences between the carrying amounts of assets and liabilities and their tax bases using the tax laws that have been enacted or substantively enacted by the reporting date. However, deferred tax is not provided on the initial recognition of an asset or liability unless the related transaction is a business combination or affects tax or accounting profit. Tax losses available to be carried forward and other income tax credits available to the entity are assessed for recognition as deferred tax assets.

Deferred tax liabilities are always provided for in full. Deferred tax assets are recognised to the extent that it is probable that they will be able to be utilized against future taxable income. Deferred tax arising during the holiday period is not recognised to the extent that the management expects its reversal during holiday period.

Deferred tax assets are recognised to the extent that it is probable that the underlying tax loss or deductible temporary difference will be utilised against future taxable income. This is assessed based on the Company's forecast of future operating income at each reporting date.

Deferred tax assets and liabilities are offset only when the entity has a right and intention to set off current tax assets and liabilities from the same taxation authority.

Minimum Alternative Tax (MAT)

Minimum alternate tax credit entitlement paid in accordance with tax laws, which gives rise to future economic benefit in form of adjustment to future tax liability, is considered as an asset to the extent management estimates its recovery in future years.

i) Leases

Operating lease

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases.

Lease rentals in respect of operating lease arrangements including assets taken on operating lease are recognized as an expense in the Statement of Profit and Loss on straight line basis over the lease term.

Finance lease

Where the Company is lessee

Finance leases, which effectively transfer to the Company substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the inception of the lease term at the lower of the fair value of the leased property and present value of minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised as finance costs in the Statement of Profit and Loss. Lease management fees, legal charges and other initial direct costs of lease are capitalised.

A leased asset is depreciated on a straight-line basis over the useful life of the asset as determined by the management or the useful life envisaged in Schedule II to the Act, whichever is lower. However, if there is no reasonable certainty that the Company will obtain the ownership by the end of the lease term, the capitalized asset is depreciated on a straight-line basis over the shorter of the estimated useful life of the asset, the lease term and the useful life envisaged in Schedule II to the Act.

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

Where the Company is the lessor:

Leases in which the Company transfers substantially all the risks and benefits of ownership of the asset are classified as finance leases. Assets given under finance lease are recognised as a receivable at an amount equal to the net investment in the lease. After initial recognition, the Company apportions lease rentals between the principal repayment and interest income so as to achieve a constant periodic rate of return on the net investment

outstanding in respect of the finance lease. The interest income is recognised in the Statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Statement of Profit and Loss.

j) Impairment of non-financial assets

Assessment for impairment is done at each Balance Sheet date as to whether there is any indication that a non-financial asset may be impaired. Indefinite-life intangibles are subject to a review for impairment annually or more frequently if events or circumstances indicate that it is necessary.

For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or group of assets is considered as a cash generating unit. Goodwill acquired in a business combination is, from the acquisition date, allocated to each of the company's cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

If any indication of impairment exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made. Asset/cash generating unit whose carrying value exceeds their recoverable amount are written down to the recoverable amount by recognizing the impairment loss as an expense in the Statement of Profit and Loss. The impairment loss is allocated first to reduce the carrying amount of any goodwill (if any) allocated to the cash generating unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Recoverable amount is higher of an asset's or cash generating unit's fair value less cost of disposal and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset or cash generating unit and from its disposal at the end of its useful life. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognized for an asset in prior accounting periods may no longer exist or may have decreased. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the assets carrying amount does not exceed the carrying amount that would have been determined, net of depreciation and amortization, if no impairment loss had been recognized. An impairment loss recognized for goodwill is not reversed in subsequent periods.

k) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty

l) Contingent liabilities, contingent assets and provisions

Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the Financial Statements.

Contingent Assets

Possible inflows of economic benefits to the entity that do not yet meet the recognition criteria of an asset are considered contingent assets.

Provisions

A provision is recognized when the Company has a present obligation or constructive obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Provisions are discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Where the Company expects some or all of a provision to be reimbursed, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain, and the amount of recovery can be measured reliably. The expense relating to any provision is presented in the Statement of Profit and Loss net of any reimbursement.

m) Equity and Reserves

Share capital represents the nominal value of shares that have been issued.

Proceeds received in addition to the nominal value of the shares issued during the year have been included in "additional paid-in capital".

n) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders after tax by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the period, are adjusted for events of bonus issued to existing shareholders.

For the purpose of calculating diluted earnings per share, the net profit or loss attributable to equity shareholders and the weighted average number of shares outstanding are adjusted for the effects of all dilutive potential equity shares, if any.

o) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

p) Employee benefits

Short term employee benefits

Short term benefits comprise of employee costs such as salaries and bonuses are accrued in the year in which the associated services are rendered by employees and are measured at the amounts expected to be paid when the liabilities are settled.

The liabilities are presented as current employee benefit obligations in the balance sheet.

Other long-term employee benefits

Leave encashment is non vesting in nature.

Post-employment obligations

The Company operates the following post-employment schemes:

- (a) defined benefit plans such as gratuity, pension, post-employment medical plans; and
- (b) defined contribution plans such as provident fund.

Gratuity obligations

Gratuity provision has been made in accordance with The Payment of Gratuity Act, 1872.

q) Exceptional items

Items of income or expense from ordinary activities which are of such size, nature or incidence that, their disclosure is relevant to explain the performance of the enterprises for the period, are disclosed separately in the Statement of Profit and Loss.

r) Measurement of fair values

A number of the accounting policies and disclosures require measurement of fair values, for both financial and non-financial assets and liabilities. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The Company has an established control framework with respect to the measurement of fair values. This includes a finance team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values.

The finance team regularly reviews significant unobservable inputs and valuation adjustments. If third party information, is used to measure fair values, then the finance team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred. Further information about the assumptions made in measuring fair values used in preparing these financial statements is included in the respective notes.

b Interest Risk

There is no interest risk related to company's financial liability

c Credit Risk

Credit risk refers to a risk that the counterparty will default on its contractual obligations resulting in financial loss to the company. Credit risk arises on liquid assets, non-current financial assets, derivative assets, trade and other receivables. The company does not have any derivative assets and in respect of cash and cash equivalents, the said amount is in current account with Scheduled Bank where chances of default are minimum. The maximum exposure to the credit risk is equal to the carrying amount of the company's other financial Assets.

d Liquidity Risk

Liquidity risk is the risk that the company may encounter difficulties in meeting its obligation associated with financial liabilities that are settled with delivering cash or other financial assets. The Company believes that its working capital is sufficient to meet its current requirements. Accordingly, no liquidity risk is perceived.
